

LOA: 33' 6", Length Waterline: 30' 3", Beam: 11' 9", Draft: 3' 6", Displacement: 18,600 lbs, Fuel: 300 Gal., Water: 140 Gal.

### Deck, Bridge, Cockpit & Hull

- Anchor Locker
- Stainless steel Bow Rail
- Bridge seating with storage underneath
- Bow, stern and spring cleats
- Cockpit storage
- Compass
- Anchor pulpit
- FRP swim platform
- Teak cap rail
- One Opening windshield
- Windshield wiper
- Solid FRP laminated hull with internal grid molding
- Navigation lights

### Mechanical Equipment

- Standard Engine: 135-hp diesel
- Freshwater cooling on engine
- Engine alarm system
- Racor fuel filter
- Two 150-gal FRP fuel tanks
- Stainless steel propeller shaft
- Dripless Stuffing Box
- Bronze propellers
- Full Keel, stainless steel rudder, rudder shoe with single engine
- Hot and cold pressurized water
- Manual bilge pump
- Sea strainer
- Seacocks on underwater thru-hull fittings
- Bowthruster
- Reverse cycle air conditioning/heat
- Windlass

### Electrical Equipment

- AC/DC service panel
- Battery selector switch and engine battery cutoff switch
- Shore power inlet
- 12v electrical outlets in salon and bridge
- 110v electrical outlets
- 12v electric lights
- GFCI protection
- Color-coded wiring harness
- Two 4D batteries
- Battery charger
- Marine Hot Water Heater

- Bonding systems with zinc anode
- Two bilge pumps with switches
- Fresh water pump

### Helm

- Morse control
- Instrument control center
- Teak wheel
- Hydraulic steering system

### Galley

- Electric stove top with electric oven
- 12V DC/120 AC Electric refrigerator/freezer
- Stainless steel sink
- Designer faucet
- Two 65-gal stainless steel water tanks
- Cabinets
- Formica countertops

### Head

- Manual Marine head
- 30-gal FRP holding tank
- Separate shower stall
- Shower sump pump
- Built-in vanity
- Mirror

### Additional Outfitting

- Anchor
- Dock lines
- Electric horn
- Flare Kit
- Fire extinguishers (2)
- Life vests
- Type IV throw-able personal floatation device
